

Join our Discord

What is Discord anyway?

Discord is a versatile communication app designed primarily for creating communities. It allows users to communicate through text, voice, and video in private chats or as part of communities called "servers." Within a server, members can participate in different channels dedicated to various topics, making it easy to organize discussions and keep up with conversations relevant to their interests.

I highly recommend installing Discord on your phone to ensure you can stay connected wherever you go. The mobile app is user-friendly and keeps you engaged with our community at your convenience. Additionally, Discord supports voice conferences, which can be a fun and lively way to communicate with others in real time. These voice channels are not only great for planning and coordination but also perfect for sharing stories, laughter, and creating memorable experiences together. For example, we created a channel just for photos!

Why join our Discord?

Join our Discord to stay connected, organized, and excited for Burning Man—let's keep the conversation alive!

Hello everyone! As we gear up for this year's Burning Man, joining our camp's Discord server is essential. This platform will serve as our central hub for all communications, allowing us to stay organized and prepared well ahead of the event. By joining, you'll be able to participate in ongoing discussions across various channels, ensuring that you're in the loop with planning, updates, and any important decisions. Plus, it's a fantastic way to connect with fellow camp members, share ideas, and build excitement as we count down the months. Let's make this experience as smooth and enjoyable as possible by staying connected and engaged through Discord!

Community Philosophy

Stay part of our community on Discord, whether you're joining this year or cheering from afar—once a camper, always a camper!

Whether you're joining us at this year's Burning Man or have plans elsewhere, our camp's Discord server should remain a vibrant community space for all past, present, and potentially future campers. If you've ever camped with us, or even if you're considering it for the future, we invite you to stay connected through our Discord. Here, we foster a supportive and inclusive environment, where everyone can share, learn, and stay engaged with the community, regardless of their plans for the event itself. This isn't just about a single event; it's about maintaining lasting relationships and supporting each other year-round. So, we warmly encourage you to join and enrich our community with your presence and participation.

I'm sold - How do I join?
